

## CLIENT PHOTOGRAPHY GUIDE

# Smile Makeover.

### DO I HAVE TO TAKE PHOTOS?

It's normal to feel anxious about taking and submitting personal photos. However, they are an essential part of your Smile Makeover journey and are used in a number of ways:

- As a planning tool for your Dentist
- To inform your Smile Makeover Quote
- As a baseline to measure your results

Trust us. No one is more understanding of the necessity of maintaining privacy throughout your Smile Makeover journey than we are. Like other personal client information collected during your journey, your photos remain confidential.

### INSTRUCTIONS
